### Fulfilling the Philosophy of Para-Sports Aimed at “Increase of Vitality for Convivial Society”

- New Contents Released on the Chugai Website -

October 17, 2014 (Tokyo) - Chugai Pharmaceutical Co., Ltd. [Head Office: Chuo-ku, Tokyo; Chairman & CEO: Osamu Nagayama] (hereafter, “Chugai”) announced today that it released new contents of supporting para-sports on the Chugai Website in an effort to widely promote para-sports and the athletes who compete in the athletic events.

As a part of its social contribution activities, Chugai has cosponsored as an official partner of the Japanese Paralympic Committee (JPC) of the Japanese Para-Sports Association since September 2013. Chugai has been supporting top athletes competing around the world as well as promoting public awareness activities aiming at realizing “Increase of vitality for convivial society” as the philosophy of para-sports.

This contents are comprised of two sections: reports on activities and columns. In the section for the reports on activities, Chugai’s activities in 2014 are introduced with pictures. In the column section, it is expected to come up some contributed articles of athletes who contend in para-sports and of the trainers who support the athletes, and we will further expand the contents.

The contents can be accessed from the following URL (Japanese only).

<http://www.chugai-pharm.co.jp/csr/parasports/index.html>

Chugai has stipulated the Chugai Business Conduct Guidelines (Chugai BCG) as a standard of conduct for employees. These Guidelines declare that in undertaking social contribution activities, “We are aware of our responsibility as good corporate citizens, actively undertaking social contribution activities.” Chugai is confident that it will lead to the fulfillment of the philosophy aimed at “Increase of vitality for convivial society” if many people including its employees understand para-sports and support the dedicated athletes.

Chugai will continue to provide innovative pharmaceutical products to patients fighting against disease while actively participating in social contribution activities.
