

## Chugai Announces 2026 1st Quarter Results

TOKYO, April 24, 2026 -- [Chugai Pharmaceutical Co., Ltd.](#) (TOKYO: 4519) announced its financial results for the first quarter of fiscal year 2026.

- Core revenue of ¥321.7 billion (+11.5%), core operating profit of ¥163.3 billion (+17.1%), and core net income of ¥118.6 billion (+19.6%) were achieved with strong sales performance of domestic and overseas products, resulting in increased revenue and profit (all changes year-on-year)
- New product launches and additional indications included the launch of Elevidys as Japan's first regenerative medical product for Duchenne muscular dystrophy (DMD), and the approval of Lunsumio and Polivy combination therapy for additional indication of relapsed or refractory large B-cell lymphoma
- R&D activities progressed steadily across both early and late-stage development, including Chugai-originated projects, with progress on track to achieving the highest number of application plans ever
  - NXT007 suggested favorable tolerability in Part C of the Phase I/II NXTAGE study for Hemophilia A following direct switching from Hemlibra without washout period
  - Enspryng presented Phase III results in myelin oligodendrocyte glycoprotein antibody-associated disease (MOGAD) at the 2026 American Academy of Neurology Annual Meeting, and is preparing for regulatory application within the year
- Regarding products out-licensed to third parties, Foundayo™(orforglipron), an oral GLP-1 receptor agonist out-licensed to Eli Lilly, has obtained U.S. approval as a treatment for obesity and is currently under regulatory review in more than 40 countries, including Japan and the European Union

Refer to the information below for details on the financial results:
